

GLC SUV

X253

Model Year 2020

Preliminary – Subject to Change

Mercedes-Benz

The best or nothing.

Important note

The information presented in this guide is based on the most current information available and is intended for internal use only. Mercedes-Benz reserves the right to make changes at any time, without notice, to colors, materials, equipment, special specifications and models.

Pricing may not yet be finalized for some models or options.

Due to variances among monitors and printers the colors that appear on your screen and printouts may not be exact.

For illustrative purposes, some images may show vehicles with European Specification.

Revision History

<i>Date</i>	<i>Changes</i>
2/28/2019	Initial publication
3/14/2019	Made minor updates and added pictures
3/22/2019	Updated new codes for VPC options
4/16/2019	Moved Rear Cross-Traffic Alert into the Parking Assistance Package (DA3)
5/1/2019	<ul style="list-style-type: none"> - Removed KEYLESS-GO (889) from Premium Package (DP1) - Removed HANDS-FREE ACCESS (P17) from Parking Assistance Package (DA3) - HANDS-FREE ACCESS (P17) requires KEYLESS-GO (889) - Parking Assistance Package (DA3) no longer requires Premium Package (DP1)
5/2/2019	<ul style="list-style-type: none"> - Added package prices (still preliminary) - Removed 736 trim (DD1 packages now uses 737+739 only) - Made minor edits for clarity
5/6/2019	<ul style="list-style-type: none"> - Put KEYLESS-GO (889) back into Premium Package (DP1) - Put HANDS-FREE ACCESS (P17) back into Parking Assistance Package (DA3) - Plausibility rules restored
5/8/2019	GLC63 information now included
5/15/2019	Updated pricing for Mercedes-Benz and Mercedes-AMG models
6/7/2019	<ul style="list-style-type: none"> - 77B option removed from offering on all models - Emergency Spare Wheel (690) not offered for GLC350E4 (corrected) - Updated prices on options for non-AMG models
6/25/2019	- GLC350E4 information now included

Performance & Handling

- New M264 2.0L Inline-4 Turbocharged Engine with power output increase +14hp to 255 hp

Standard Equipment

- Smartphone Integration (Apple CarPlay™, Android Auto) becomes standard
- LED Headlamps & Taillamps become standard
- Updated steering wheel w/ haptic feedback touchpads and cruise control buttons
- Next-Generation Infotainment System “MBUX” now standard incl. “Hey Mercedes”
- New key design
- SD-Card Pre-Wiring removed from standard equipment
- 10.25” Center Touchscreen now available and is standard
- Blind Spot Assist (234) now standard

Optional Equipment

- LED Intelligent Light System available in Exterior Lighting Package
- 64-Color Ambient Lighting now available and added to Premium Package
- Augmented Video for Navigation (U19) now available in Multimedia Package
- Emergency Spare Wheel (690) now available as a standalone option
- Ski & Snowboard Bag (282) discontinued
- 12.3” Digital Instrument Panel available
- Inductive Wireless Charging and NFC Pairing (897) added as standalone option
- Next generation Driver Assistance technology available in Driver Assistance Package
- AMG Line receives Diamond Grille w/ single lamella
- Leather Package (318) deleted
- Passenger Seat Memory w/ Adjustable Thigh Support now a standalone option (242)

Interior Upholstery

- 234 Saddle Brown Leather discontinued
- P87 *designo* Black Leather discontinued.
- Espresso Brown (114 MB-TeX and 224 Leather) discontinued
- Magma Grey (128 MB-TeX & 228 Leather) now available
- AMG Line Cranberry Red (197 MB-TeX & 297 Leather) now available
- AMG Line Saddle Brown (164 MB-TeX & 264 Leather) now available

Trims

- Light Brown Linden Wood (H24) discontinued.
- Natural Grain Walnut Wood Trim (H33) now available
- Natural Grain Grey Oak Wood Trim (H31) now available

Paints

- Graphite Grey Metallic (831) now available
- Selenite Grey Magno (297) now available on GLC 300

Wheels

- New standard 18" Split 5-Spoke Wheels (97R)
- 20" 5-Spoke Wheels with Black Accents (29R) discontinued
- 19" AMG Split 5-Spoke wheels (638) discontinued
- 19" AMG Split 5-Spoke wheels with Black Accents (99R) discontinued
- New 19" 10-Spoke Alloy Wheels (R58) now available
- New 20" Split 5-Spoke Wheels (30R) now available
- New 19" AMG Split 5-Spoke Wheels (RTF) now available
- New 19" AMG Split 5-Spoke Wheels with Black Accents (RTG) now available
- New 20" AMG Y 5-Spoke Wheels (RZX) now available
- New 18" Aero Alloy Wheel (64R) now available (GLC350E4 only)
- New 19" Aero Alloy Wheel (15R) now available (GLC350E4 only)

Blind Spot Assist (234)

Blind Spot Assist (234)

Now standard

As a leader in safety innovation since the beginning of the automobile, Mercedes-Benz now offers the 2020 GLC with Blind Spot Assist as a standard feature. The vehicle will give visual and auditory indicator when a vehicle is in the blind spot. If the driver uses the turn indicator to make a lane change with a vehicle in the blind spot, the system will give an feedback sound that it is not safe to move into the lane.

Mercedes-Benz User Experience (MBUX)

MBUX - the newest head-unit generation from Mercedes-Benz

Standard

- MBUX was designed for a touch interface with intuitive operation
- There are four ways of interacting with the system:
 - An all-new Touchpad, Touch Control Buttons on the steering wheel, a touchscreen center display, and an all-new generation of Voice Control
- Multiple users can set up profiles which save their settings for future use
 - Including: seat settings, music preferences and radio settings, phone settings, themes/moods, Bluetooth connections, etc.
- Over time, the system learns more about its owners and creates suggestions based on past behavior of the user
- Whole groups of settings can be saved together in the form of a Theme/Mood
 - Including: ambient lighting, climate control, music preferences, and setup of the Digital Instrument Cluster and head unit display, etc.
- Using over-the-air updates, MBUX can continuously be improved over time
- The system is very quick and responsive due to its impressive graphics processing and computing power

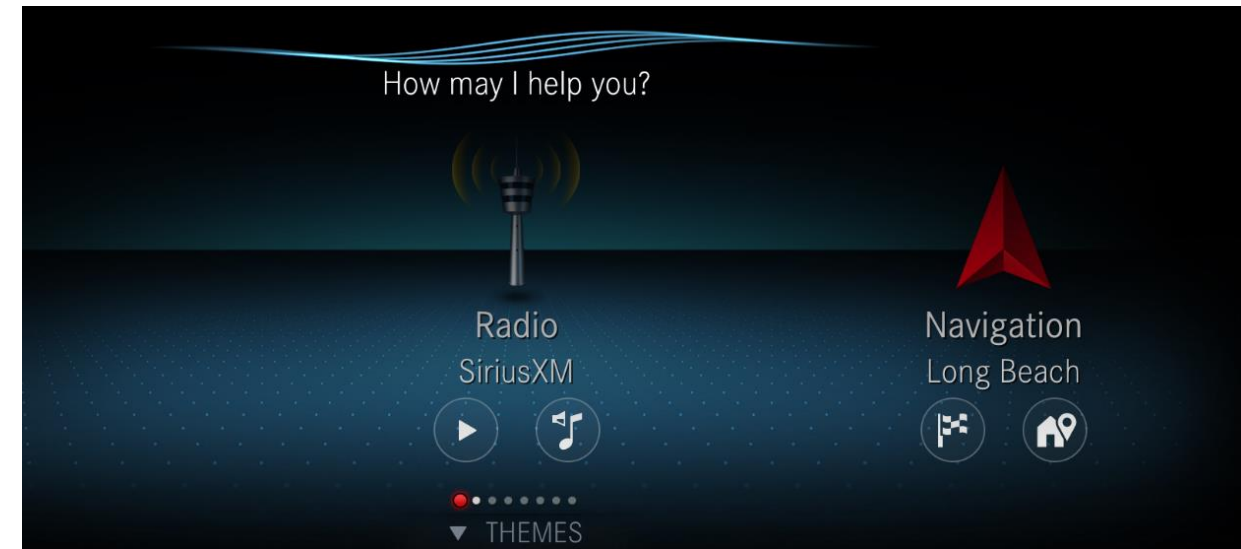

Voice Control

One of the most advanced Voice Control systems in the industry

Standard

- Voice Control with MBUX is greatly enhanced over other systems by using both an onboard and offboard system for voice recognition
 - This ensures quick and appropriate responses
- The system also uses Natural Language Understanding so there's no need to remember the order of words for a specific command, just talk to the voice assistant as you would speak to another person
 - There are many ways of saying the same thing: *"Take me to Starbucks"*, or *"Find a Starbucks nearby"*, or *"Is there a Starbucks close?"*, or even *"I need a coffee"*
- Indirect commands can also be given like *"Will I need an umbrella today?"* and the Voice Control system understands that the user is really asking whether it will rain today
- In-vehicle components can also be controlled via Voice Control, like seat heating, climate control, ambient lighting, massage programs, and even the sunshade for the Panorama roof
- Voice Control is also capable of learning from its users and adjusting its understanding to their specific way of speaking
- Keyword Activation ensures you can quickly interact with Voice Control without having to press the button on the steering wheel
 - The system wakes up with a simple *"Hey Mercedes"*

PRE-SAFE Sound

PRE-SAFE® Sound

Standard

Part of PRE-SAFE, PRE-SAFE Sound is an acoustic occupant preconditioning system which can reduce the effects of the noise from an accident on the occupants hearing.

- When the PRE-SAFE system recognizes a certain dangerous situation, the onboard sound system plays a brief rushing sound, also known as 'Pink Noise,' to precondition the hearing
- The natural reflex mechanism of the stapedius muscle enables the inner ear to rapidly prepare for the accident-induced high pressure sound
- Up to 40% reduction of noise exposure impact

10.25" Center Touchscreen Display (859)

10.25" Center Touchscreen Display (859)

Standard

Newly standard is a 10.25" widescreen high-resolution touchscreen display, perfect for operating all functions of the vehicle. The touchscreen operates in a smartphone-like fashion, responding to touch with accuracy and precision and with regular feedback consistent with what smartphone users expect out of a highly functional touchscreen.

Using navigation (optional), smartphone integration (standard), or simply setting any number of vehicle settings is now easier than ever before.

LED Headlamps (632) & LED Intelligent Light System (640)

LED Headlamps (632)

Standard

- Redesigned LED headlamps are now standard equipment improving the look of the standard GLC as well as providing increased safety due to brighter and higher quality headlamps.

LED Intelligent Light System (640)

Optional

- Redesigned headlamp incorporates updated technology and look for the GLC
- Ultra Wide Beam produces light at an increased width for maximum illumination of the road and surrounding area
- Adaptive Highbeam Assist is part of the LED Intelligent Light System and allows drivers to drive with highbeams activated at all times. System will automatically deactivate highbeams in the presence of oncoming traffic so as not to blind oncoming drivers.

Steering Wheel

3-spoke Nappa Leather Multifunction Steering Wheel
Standard

3-spoke Nappa Leather Sport Multifunction Steering Wheel
AMG Line

The newly redesigned 3-spoke multifunction steering wheel in nappa leather combines a sporty design, compact dimensions, and fine materials.

- Steering wheel shift paddles integrated into the back of the steering wheel cross spokes enable manual gear shifting and support a sporty driving style.
- Optional Active Distance Assist DISTRONIC® or standard cruise control is controlled via steering wheel-mounted controls.
- Touch Control buttons for direct control of the instrument cluster (analogue or digital) and to control the functions of the multimedia system.

Inductive Wireless Charging and NFC Pairing

Inductive Wireless Charging and NFC Pairing (897)

Option price: \$170

Driving time becomes charging time - with just a simple hand movement your smartphone can be fixed in place in the center console where it is charged wirelessly. Irrespective of the model and brand, all smartphones meeting the Qi standard are charged wirelessly.

Components:

- Wireless charging for numerous mobile phones that support or can be upgraded to support the Qi standard
- Quick establishment of connection between the multimedia system and mobile phone via Near Field Communication (NFC) for mobile device identification
- Charging area in the front tray in the center console for mobile devices

Digital Instrument Cluster

Digital Instrument Cluster (464) – Requires Multimedia Package (DA5)

Option price: \$750

For MY2019, the C-Class will now offer the option to have a high-resolution 12.3” digital instrument cluster with three different modes: Classic, Sport, and Progressive. Unlike many other models with this option, the C-Class integrates the digital instrument cluster within the dash so the geometry of the dash is the same as without the option.

The three separate modes allow the driver to customize the digital instrument cluster to his/her liking. Additionally, with the added digital space, there is greater functionality for navigation, multimedia, and other information within the digital instrument cluster itself.

Pictured Top: “Classic” design

Pictured Middle: “Sport” design

Pictured Bottom: “Progressive” design

Driver Assistance Package

Driver Assistance Package (DA2)

Option price: \$2,250

- **Active Distance Assist DISTRONIC®** is able to follow a vehicle in front at a pre-selected distance at wider range of speeds
- **Active Steering Assist** functions at a wider range of speeds and can now actively intervene even if road lines are unclear or non-existent at certain speeds; can now function in curves with a tighter radius
- **Active Emergency Stop Assist** brakes the vehicle to a standstill in its lane if it detects that the driver is no longer actively driving the vehicle while it is on the move with Active Distance Assist DISTRONIC and Active Steering Assist engaged. Can now unlock the doors when the vehicle is stationary to allow first aid responders immediate access to the vehicle's interior. The system simultaneously makes an emergency call
- **Active Lane Change Assist** is a radar-and-camera-based system that aids the driver when changing lanes. When a turn is indicated, this feature will aid with steering into the adjacent lane if it detects the lane is empty
- **Active Speed Limit Assist** can adapt vehicle speed to identified speed limits and can now adjust preemptively when speed limits are going to change
- **Route-Based Speed Adaptation** the vehicle is now able to reduce the speed in anticipatory mode by referencing the COMAND map data ahead of bends, junctions, roundabouts, toll booths and exit roads.
- **Active Brake Assist with Cross-Traffic Function**
- **Evasive Steering Assist** this system assists by adding calculated steering torque to aid in steering wheel movement when a driver deliberately or instinctively performs an evasive maneuver around a pedestrian
- **Active Blind Spot Assist** is active at a wider range of speeds and informs the driver to help avoid an imminent side impact by single-sided braking
- **Active Lane Keeping Assist** is active now at a wider range of speeds

GLC 350e 4MATIC EQ Power

GLC 350e 4MATIC EQ Power

MSRP: To be Announced

For Model Year 2020, in addition to the considerable content added (upgraded technology, refreshed design, new standard options, new optional equipment), the GLC 350e 4MATIC EQ Power also receives a larger battery pack (8.7 kWh to 13.5 kWh) giving it more electric-only range (to be determined after EPA certification) and torque.

The benefits of considering a Plug-In Hybrid Vehicle are therefore greater than ever before, giving customers who have short commutes and/or run short errands the flexibility to save money through the use of electric-only range or supplemental energy to their regular Internal Combustion Engine.

Top Reasons Why a Customer May Consider a Plug-In Hybrid Vehicle (PHEV):

- PHEV technology enables unmatched versatility relative to internal combustion-only or electric-only vehicles
- Power from electric motor is far more economical than that of the gas engine (customers can save hundreds of dollars per year using PHEV technology)
- Federal, state, and local incentives may be available
- Only a slight daily routine adjustment required to attain the many benefits of the PHEV (plugging vehicle up to charge)
- Output and performance are superior than those of the GLC 300 4MATIC
- Driving in electric-only mode or hybrid mode gives peace of mind due to reduced emissions

Please note: due to technical requirements, AMG Line (DG3) and Night Package (DC1) are not available on the MY20 GLC 350e 4MATIC EQ Power

Performance & Handling

- 2.0L Inline-4 Turbo Engine
- 9G-TRONIC 9-Speed Automatic Transmission
- 4MATIC® Permanent All-Wheel Drive (GLC 300 4MATIC)
- ECO Start/Stop System
- DYNAMIC SELECT
- Independent Front/Rear Suspension

GLC 350e 4MATIC EQ Power specifications (additional/different from GLC 300 4MATIC):

- 2.0L Inline-4 Turbo Engine & 90kW Electric Motor
- Sport Perforated Front Brake Discs and Front Brake Calipers With “Mercedes-Benz” Lettering
- Radar-Based Regenerative Braking System
- J1772 AC Charging
- ECO-Assistant Haptic Accelerator Pedal

Comfort & Convenience

- MBUX intelligent vehicle assistant (“Hey Mercedes”)
- 10.25” center touchscreen display
- Heated Front Seats
- Power Front Seats with Driver Memory
- KEYLESS START
- Bluetooth® Technology (for Handsfree Phone Use/Audio Streaming)
- Two USB Ports
- Dual-Zone Automatic Climate Control
- Touchpad with haptic feedback
- Multifunction leather steering wheel w/ Touch Control Buttons
- HD Radio
- Frontbass® Audio System

- 4-way Lumbar Support
- Power Tilt & Telescoping Steering Column
- Electronic Cruise Control
- Power Windows with Express Up and Down
- Storage Package
- Garage Door Opener
- Intermittent Wipers with Rain Sensor
- Auto-Dimming Driver & Rearview Mirror
- Split-Folding Rear Seats (40/20/40)
- Power Liftgate
- Portable 110V Household Socket EV Charging Cable (GLC350e 4MATIC EQ Power)

Safety & Security

- New Vehicle 4 Year/50,000 Mile Warranty
- 24h Roadside Assistance Program
- Blind Spot Assist (234)
- LED Headlamps and Taillamps
- PRE-SAFE® now w/ PRE-SAFE Sound
- Active Brake Assist
- 3-point Seat Belt with Pretensioners & Dual-Stage Belt Force Limiter
- Front Dual-Stage Airbags

- Front and Rear Side Window Airbags
- Front Side Airbags
- Driver Kneebag
- Rearview Camera
- ISOFIX Anchor and Tether System
- ATTENTION ASSIST Driver Drowsiness Monitor
- Tire Pressure Monitoring System
- Anti-theft Alarm System

Headlamps

LED Headlamps (632)

Standard

- All functions feature LED technology
- Distinctive look by day and night
- Tail lamps with LED technology

Active LED Headlamps (640)

Only available with DA4 Exterior Lighting Package

All functions feature LED technology

- Automatically activated cornering lights
- Active light function for better illumination in bends
- Long service life due to LED technology - no need for bulb changes
- Light color similar to that of daylight
- Low energy consumption
- Tail lamps with LED technology
- Ultra Wide Beam increases high beam illumination to the sides

Build Recommendations

Specifications

AMG GLC 63 (253.988)

- MSRP \$73,750
- Handcrafted AMG 4.0L V8 biturbo engine
- 469 hp
- 479 lb-ft
- 3.8 sec (0-60 mph)
- Launch date: Q3 2019

Standard Equipment

- Facelift model
- NTG 6: New telematics generation incl. "Hey Mercedes"
- 10.25" multimedia touch screen and touchpad
- New front and rear bumpers
- LED headlights now standard on all AMG variants
- Slimmer LED headlights and new LED taillamp design
- New SUV tailpipe design
- Deletion of CD/DVD drive
- Upgraded AMG Performance steering wheel with haptic touchpads
- New key design
- Smartphone Integration now standard (Apple CarPlay™ and Android Auto)
- Electronic Limited Slip Differential
- 64-Color Ambient Lighting & AMG Illuminated Door Sills
- AMG Performance Exhaust System
- 12.3" Digital Instrument Cluster
- Multimedia Package including updated Navigation, Live Traffic, and new Augmented Reality

Optional Equipment

- New Package and Accessories codes to replace old codes
- New wheel designs
- AMG Track Pace (256)
- Deletion of Ski & Snowboard Bag (282)
- Inductive Wireless Charging with NFC Pairing (897)
- Pre-Wiring for Rear Seat Entertainment (866) no longer available
- Deletion of Light Brown Linden Wood trim (H24) and AMG Silver Fiberglass trim (H84)
- Natural Grain Grey Oak (H31) and Natural Grain Walnut Wood (H33) trims now available
- AMG Aerodynamics Package (B26) now available
- New steering wheel designs available
- AMG DRIVE UNIT (U88) now available on all steering wheels
- Deletion of 260/261 badge delete options

Packages

- Deletion of *designo* Black leather package (P87)
- New DE4/DE5 AMG Performance Seat Packages to get the AMG Performance Seats

Paint

- Graphite Grey Metallic (831) now available

Upholstery

- New upholstery in Magma Grey/Black with Yellow Accents

Performance & Handling

- Handcrafted AMG 4.0L V8 Biturbo (469 hp, 479 lb-ft torque)
- AMG RIDE CONTROL+ Sport Suspension
- AMG SPEEDSHIFT® MCT 9-Speed Transmission
- Electronic limited-slip differential
- AMG Performance 4MATIC+ (fully variable torque distribution)
- AMG High Performance Braking System
- AMG DYNAMIC SELECT
- 3-Stage ESP
- AMG Performance Exhaust System

Comfort & Convenience

- KEYLESS START & KEYLESS GO
- Power Folding Mirrors
- Burmester® Surround Sound System
- Bluetooth® Technology (for Handsfree Phone Use/Audio Streaming)
- SiriusXM Satellite Radio
- HD Radio
- Smartphone Integration (Apple CarPlay and Android Auto)
- Power Heated Front Seats with Driver Memory
- 4-way Lumbar Support
- Power Tilt & Telescoping Steering Column
- Electronic Cruise Control
- Power Windows with Express Up and Down
- Storage Package
- Heat and Noise Insulating Front-Side Dual-Pane Glass
- Touchpad with 10.25" Media Display
- 12.3" Digital Instrument Cluster
- Multimedia Package w/ Navigation, Live Traffic, and Augmented Reality
- AMG Performance Steering Wheel
- Dual-Zone Automatic Climate Control
- Garage Door Opener
- Intermittent Wipers with Rain Sensor
- Auto-Dimming Driver & Rearview Mirror
- Front and Rear Cupholders
- Split-Folding Rear Seats (40/20/40)
- Power Liftgate
- Automatic Headlamps with Twilight Sensor & Locator Lighting
- LED headlamps and taillights
- 115V AC Power Outlet
- 64-Color Ambient Lighting & AMG Illuminated Door Sills

Safety & Security

- New Vehicle 4 Year/50,000 Mile Warranty
- 24h Roadside Assistance Program
- 3-point Seat Belt with Pre-tensioners & Dual-Stage Belt Force Limiter
- Front Dual-Stage Airbags
- Front and Rear Side Window Airbags
- Front Side Airbags
- Driver Knee Airbag
- Rearview Camera
- ISOFIX Anchor and Tether System
- ATTENTION ASSIST Driver Drowsiness Monitor
- Active Brake Assist
- PRE-SAFE
- SmartKey with Panic Button
- Tire Pressure Monitoring System
- Anti-theft Alarm System
- Blind Spot Assist

Steering Wheels

AMG Performance Steering Wheel in Nappa (L6J)

Option price: \$0

Standard

For outstanding vehicle control, the AMG Performance steering wheel in Nappa leather features a flattened bottom section as well as perforated grip areas. The sporty design is completed by silver-colored aluminum shift paddles and a 12-o'clock marker.

AMG Performance Steering Wheel in Nappa/DINAMICA (L6K)

Option price: \$500

For even better grip during sporty maneuvers, the grip area on the AMG Performance steering wheel in Nappa leather is finished in DINAMICA microfiber. The steering wheel bezel comes in silver chrome with "AMG" lettering, silver-colored aluminum shift paddles and a 12-o'clock marker to round off the design.

Steering Wheels

AMG Performance Steering Wheel in DINAMICA (L6G)

Option price: \$600

Requires U88 AMG DRIVE UNIT

AMG Performance Steering Wheel in DINAMICA/Carbon Fiber (L6H)

Option price: \$900

Only available in combination with 737, 739, and H73 trims

AMG DRIVE UNIT (U88)

With the AMG steering wheel buttons you can make your steering wheel radically sporty: they allow fast, purposeful control of specific dynamic driving functions. For a focused, concentrated and performance-oriented driving sensation – and an authentic racing car atmosphere in the cockpit.

The AMG Performance steering wheels with AMG steering wheel buttons are reminiscent of Formula 1 steering wheels in terms of their operation and characteristics, and for good reason: thanks to the ergonomic positioning of the additional steering wheel buttons in the immediate grip area, you can keep your hands on the steering wheel at all times – thanks to the intuitively understandable functionality, you can always keep an eye on the road. Ideal prerequisites for challenging driving situations which require your full attention.

The individual steering wheel buttons are implemented as modern, mini displays. Pictograms on the buttons visualize the AMG-specific function which can be accessed in each case.

Components

- Two vertically positioned function displays **on the left** with rocker switch, Can be freely assigned AMG functions, for example for:
 - Direct selection of manual mode
 - Adjustment of the adaptive suspension
 - Activation/deactivation of the Electronic Stability Program (ESP®)
 - Switching of AMG Performance Exhaust System

- Function display **on the right** with round control knob:
 - Selection of drive programs and display of currently selected mode

AMG Track Pace (256)

AMG Track Pace transforms your AMG vehicle into your virtual race engineer. With the aid of lap, sector and acceleration times plus selected live telematics data you can analyze and improve your driving skill on cordoned-off tracks in a targeted manner.

In order to determine as precise a position as possible, AMG Track Pace works with a specially programmed algorithm which combines vehicle data such as wheel speed, steering angle and yaw rate with the satellite-aided GPS positioning system and updates every 50 milliseconds (20 Hz technology). This makes position measurement significantly more precise than with external applications such as third-party-provider apps on the smartphone.

In order to record and continually improve your individual performance, recorded data such as lateral and longitudinal acceleration, accelerator and brake pedal position or steering angle are used. All values are clearly depicted and can be read out directly in the vehicle. Fast or slow laps can be noted from the corner of the eye thanks to various color displays.

As well as recording drives on circuits or public routes, AMG Track Pace can also be used to record accelerations such as from standstill to 60mph or over a quarter mile plus deceleration values. Measurement with AMG Track Pace starts automatically when driving off or in deceleration mode when falling below a certain speed.

AMG Track Pace stores individual laps and sprints in the vehicle database. You can determine a reference time and compare your current drive with it – down to the last inch. This saves you any heavy and difficult-to-use additional equipment for analyzing your driving data.

The functions of AMG Track Pace are continually being improved and extended. You can find current information at www.mercedes-amg.com/track-pace.

Brakes

AMG High-Performance Braking System (B06)

6-piston front and single piston rear calipers

- Front axle: integral brake discs measuring 15.4 inch x 1.4 inch, internally ventilated and perforated with 6-piston fixed caliper
- Rear axle: brake discs measuring 14.2 x 1.0 inch, internally ventilated and perforated with 1-piston floating caliper
- grey-painted brake calipers with white AMG lettering
- Silver brake calipers
